# Class Record Book

Records provide useful data for the Christian education programs of the church. They give the teacher important information about the students and data for the history of the congregation's programs. Please record information carefully.

## Suggestions for using this book

1. At the beginning of the year, fill in the vital information about the students and teachers.
2. Each week, record the attendance of the students and add any visitors to the list inside the back cover. This will make follow-up contact easier. Pass these names on to the pastor(s). Record the offering for the week on the last page.
3. Each quarter, total the attendance numbers for each Sunday and record them on the last page.
4. At the end of the year (August) compute all totals for the year and file this book in a safe place.
